TO WHOM IT MAY CONCERN

This is to certify that M/S DOST FOUNDATION PAKISTAN (DFP) is a non-profit organization operating in the Baltistan region. The organization works in the field of Health, Education, Women's empowerment and climate change, as well as poverty alleviation in the region.

Further, DFP has made significant contributions to the rehabilitation of flood-affected areas. I am fully satisfied with their work in these areas and wish them continued success in future.
